You   **Me**

Oh shit! Things were going well and now they're so "stuck"!

I know what you mean. Been there, felt that. I've been at the same place as you.

I just don't have time to deal with this. There are too many other things going on right now.

I know, it feels overwhelming. Every thing is crying out for attention. Where do you put your energy? Where do you get the most pay back …not only for you, but for the people counting on you too.

You	**Me**
about you?	
	I am pretty much an open book on the Internet. Just drop "Roelf Woldring" in an Internet search engine and follow the links.
How can you help me?	
	Well, I'm not sure. I have helped others do this in the past, but every situation is different.
	How about we just start talking?
	That will give us both a chance to see if we like what the other has to say and if there's chemistry.
	Let's connect on Zoom.
Anything I should do to prepare?	
	Let's chat, each with an open mind.
	My job is to listen and clarify ways in which we can get the situation unstuck.
	Yours is to be open about the situation.
	I will not share what we discuss with anyone else.
	Our joint objective will be to see if we can get past this 'feeling' of being stuck, moving to action which gets you past it.
